

# HURRICANE MATTHEW RELIEF

# #HAITI

Hurricane Matthew devastated Haiti, destroying most of the crops, livestock, & nearly 90% of the traditional homes in the area.

Yet, 100% of GoServ Global's 200 Safe T Homes® (highly-modified grain bin homes designed by Sukup Manufacturing) withstood the 145 mph winds with minimal damage, saving lives!

## SAFE T HOME® BREAKDOWN:

1 Safe T Home®	= \$5,700
Shipping	= \$1,000
Concrete for flooring	= \$ 300
	<hr/>
