Indian Culture

You will be traveling to Orissa, India, which is located on the east coast of India, near the Bay of Bengal. India is approximately one-third the size of the United States and has 4 times the population (1.2 billion people). This makes it the second most populous country in the world, behind China. Rich in history, vibrant culture, and diversity, India is the birthplace of 4 world religions: Hinduism, Buddhism, Jainism, and Sikhism. Despite the growth of megacities such as Mumbai and Delhi (both >15 million people), 70% of the population still resides in rural areas, and 60% work in agriculture. Although India is one of the fastest-growing economies in the world, the level of poverty is high. The topography is varied, ranging from tropical beaches to foothills, deserts, and the Himalayan Mountains. The north has a more temperate climate, while the south is more tropical year round.

In India, you will see people living in extremely substandard conditions. You will see Indians going to the bathroom and bathing in public. Unfortunately we can't help every person we come in contact with. However, you will have an opportunity to bring quality of life to several people on this trip. Your efforts will make a difference in specific Indian lives. The people of India are kind, friendly and hard working. Unfortunately they have very few opportunities to provide a better life for themselves. You will find them to be very entrepreneurial, always ready to work or jump on an opportunity to provide for their family.

Communication

India is home to 27 different languages and over 2,000 different dialects. The people in this region speak Oriya.

Weather

Southern India is always warm. It starts heating up around February and by April, many places experience daily temperatures exceeding 105 degrees. In late May, signs of the approaching monsoon start appearing that last until October. Orissa State cools some in the winter into lows in the mid 50's.

What is the food like?

Most people in India eat rice, lentils, and curry vegetables. They also eat spicy food. If our hostess serves it, it will be fine. Do not eat stuff off the street (vendors). Restaurants – Do not eat undercooked or raw meat or the skins of raw fruits & vegetables. When in doubt, ask the advice of our host regarding food safety. Please be gracious! Our hosts will roll out the red carpet for us, feeding us in ways they rarely afford themselves. They sacrifice for our comfort and to honor our visit. DO NOT COMPLAIN ABOUT THE FOOD! There is nothing more embarrassing than bad attitudes of loud, entitled Americans! Consider taking small portions to sample, first. If you have dietary restrictions or things you simply cannot tolerate, you might consider packing granola bars, peanut butter, or other dry snacks. Be mindful, however, that food attracts insects and other critters, so store things in tight containers.

GoServ Global Projects in India

GoServ Global works with Sunny Raul, the head of DREAM INDIA, a nonprofit that reaches out to the unreached people in Orissa, focusing on underprivileged children and orphans as well as sharing the message of salvation to the people of India. Pastor Sunny is married to Kuni who is the head of staff at the Emmanuel English Medium School run by DREAM INDIA. Pastor Sunny & Kuni have two children, Jack and Jimmy.

Emmanuel Boarding School

Pastor Sunny Raul and his wife, Kuni, operate a Boarding School – Emmanuel School - for 80 children ages 4-12 in NE India. Emmanuel School provides meals, education, medical care as needed and a safe place to live for underprivileged children and orphans. These children come from families who live in extreme poverty. The parents are either beggars or laborers who make \$2 a day if there is work. However, if there is no work, they will not have food for that day. These children would not have the opportunity to attend school if it weren't for sponsorship.

Where will we be staying in India?

GoServ Global will be using rooms at the school set aside for visitors. Beds and A/C are provided. They are safe, clean and relatively modern. There is hot water, electricity to charge camera, phones, etc. (no electrical adaptors are needed) and WIFI is sporadic.

Shhh.....

One give away identifier about Americans is the noise they make everywhere they go! It will be evident enough by our appearance that we are foreigners, however, when we are in the markets, restaurants, or other public places, please tone it down a bit.

Schedule: Do not expect our hosts to operate their schedules in the way you are used to at home. Plans change frequently for many reasons so it is essential to just go with the flow. Expect long waits for things and keep yourself occupied. Concepts like convenience and predictability are not part of many places in the world. Be gracious. Demonstrate Christ-likeness especially if you feel inconvenienced or surprised by changes. We ask that you come with an open heart to serve. Please do not grumble or complain publicly. Express concerns privately to your trip leader.

To Prepare for Your Trip:

Medical: GoServ Global policy: Each person going on a trip to India is responsible to contact his/her physician to prepare for the trip. It's best to go in as soon as possible as some vaccinations take time to have a full effect. Doctors may vary on what is recommended but we have seen the following: **tetanus, hepatitis A & B, typhoid, influenza, pneumonia,** as well as **malaria meds like doxycycline.** It's also often recommended by doctors to bring **Cipro or a Zithromax** (antibiotics used only if one experiences gastro-intestinal illness). You can tell your doctor that you will be in eastern India.

www.cdc.gov/cholera/general: CDC does NOT recommend cholera vaccines for most travelers, nor is the vaccine available in the U.S. To avoid getting cholera, drink only bottled, boiled or chemically treated water and bottled/canned carbonated beverages. Avoid tap water, fountain drinks and ice cubes. Wash your hands often with soap and clean water. **Use bottled water to brush your teeth and to wash and prepare food. Do not ingest water – be mindful in the shower!**

Passport: If you do not already have a passport, apply at least 4 months prior to leaving. Make several copies of your passport: 1 for GoServ Global, 1 for your team leader, 1 to leave at home, 1 for your suitcase. ***If your passport is within 6 months of expiring, you may not be able to leave the U.S.***

VISA: You will need a VISA as well. Apply at least 6 weeks prior to leaving. Give a color copy to your GoServ Global team leader.
